

Millers River Educational Cooperative presents

Wish

Summer Seminar at Camp Caravan

June 23–July 2, 2017

Royalston, Massachusetts, USA

*How can we find the
sacred impulse of Wish
within ourselves?*

*How can we learn to
feed its fire?*

“In man it is the mind that is opposed to the body. The neutralizing force is the wish that unites them, connects them. Everything comes from the wish, the will...”

We can ask for help, **to come to this in ourselves.”**

Mme. de Salzmann

*Listen to the reed flute and the tale it tells,
how it sings of separation:
“Ever since cut from the reed bed,
my wail has caused men and women to weep.”
I want a heart that is torn open with longing
so that I might share the pain of this love.
Whoever has been parted from his source
longs to return to that state of union. Rumi*
